

# The Diener School Presents

**Grades K-8**

## Camp Lift Off

### Session 3

 **History & Culture Session:**  
**Travel Through Time and Explore the World!** 

**July 21-August 1**

Campers will step into the past and journey across cultures, uncovering fascinating stories, traditions, and innovations. Through hands-on activities, creative storytelling, and interactive group challenges, they'll gain a deeper understanding of history in a way that feels exciting and relevant. Language arts activities will bring historical figures and events to life through storytelling, role-playing, and creative writing, while math challenges will incorporate historical concepts like ancient number systems, trade, and architecture. A field trip will offer a unique opportunity to experience history and culture in an immersive way.

**Week 1: Back In Time**

**Week 2: Around The World**

**Weekly Schedule subject to change**

	Monday	Tuesday	Wednesday	Thursday	Friday

The Diener School  
Presents

## Camp Lift Off Swimming

We are thrilled to share that this summer, our Diener School Camp will be visiting a Montgomery County pool once a week! This is a wonderful addition to our camp program, and we can't wait for the students to enjoy a fun, water-filled experience.

Please note that while students are welcome to get into the pool, they are not required to do so. We will have shaded areas available for those who prefer to stay out of the water, and we are hopeful to find a location near a playground for additional activities.

Our camp staff will be in the water with the students, along with our skilled occupational therapists who will also be in attendance to ensure a safe and supportive experience for all. To help us prepare, we kindly ask that parents complete a swim survey to give us important information regarding your child's swimming ability.

Your child's safety is our number one priority, and we are committed to making this a fun and safe experience for everyone. We are truly excited to offer this new addition to our camp program and look forward to a splash of fun this summer!
